

Teen Programs:

A challenging and flexible program based around the interest and choices of the group. This program will use the overall camp themes to help develop the camper's schedule of activities. This is a great opportunity for teens to participate in camp activities that they wouldn't normally do daily. Their schedule may include fishing, canoeing, art swimming, archery, games, adventure and much more. Campers will still be working with their peers, building relationships with the camp staff, being role models for younger campers and deciding if they want to take leadership to the next level at camp.

An average camp day includes

- A morning group meeting to share announcements and discuss/plan the schedule of the day. (at Eyer Park)
- The group participates in activities throughout the morning both at Eyer Park and at camp.
- The group may work on projects, skits, or advanced camp skills due to the nature of their age group.
- TC's eat lunch together.
- When time permits, TCs will have the opportunity to participate in the camp "Big Group Game" and "Free Time Activities."

Due to special events, activities, and weather (we hope for sunny days!) the schedule is subject to change to meet the needs of the group and provide the best camp experience. If there are any special needs or concerns for individuals prior to or during the session, please do not hesitate to contact the camp office. We are looking forward to a great summer, filled with fun and a great time at camp!

During the day campers will have access to water and for lunch they will have Kool aide, lemonade, and water daily. Friday pizza will be served.
