

JUNE CAMP PROGRAM

This program at Creative Themes will run for two weeks in June, designed for campers entering PK (4) and K in the fall. Campers can enroll for 1 or 2 sessions. All sessions will have half day program (9-12) and a full day program (9-3). **All campers need to be 4 by September 1st, of that upcoming fall.**

Groups

Our staff during PDC is college students and professionals who have dedicated their education and careers to working with children. This is a fun and energetic staff, many of them with years of Creative Themes experience. Our staff ratio for the PK (4) and K program is 1:6 overall.

Activities

All campers will have an opportunity to try our FACT (Fishing, Archery, Canoeing and Creativity (Theater Area) activities. Each FACT activity will be done during the week at least once but more often if time and weather permits. All activities are highly supervised with our qualified staff.

Swimming pool and waterslide activities will be scheduled if the weather permits. We have found that most likely our full day campers will have more opportunities than half day. Our experience has found that Rochester weather does not make great swimming conditions for the month of June. Pools are always supervised with certified Lifeguards. Every time we use the pool, we stress water safety and having a fun learning experience. Note: Our pools are 2 ½ to 4 ½ foot deep and great for beginner campers to learn and have fun.

Creative Themes has built our Summer Camp around Experiential Learning, also known as Outdoor Adventure Education. We have designed activities and elements that are age appropriate for the PK and K age groups. Our staff is trained to help campers experience a safe and fun outdoor play and learning experience.

Art is done daily.

Lunch/Snacks

All campers will be provided a daily morning snack and full day campers will have an afternoon snack.

Full day campers will need to bring a lunch Monday through Thursday. **FRIDAY** camp will provide pizza for all campers wishing to enjoy a pizza lunch. (Pizza, chips/pretzels, fruit, lemonade/water)

Note: A CT camp t-shirt, is given to each camper. (Note: 1 t-shirt per registered camper.)

Pick-up and Drop-off

Drop-off is in the CT parking lot from 8:30-9:00, camp staff will greet campers/parents and walk campers into camp to start their day. Parents will be restricted to the parking lot area for drop off.

Pick-up takes place at 12:00 or 3:00. Parents are directed to line up in their cars and campers will be escorted out of camp by their counselors. The CT staff then proceeds to follow our very safe loading and releasing of vehicles. This has been a very safe and efficient system for years. We ask that you follow directions, stay in your cars, and trust our great staff.
